

Tree Ornament

Solve the problems.

If the answer is	color the shape
greater than 0 and less than $\frac{1}{2}$	red
greater than $\frac{1}{2}$ and less than 1	green
greater than 1	yellow

Finish the design by coloring the other shapes with the colors of your choice.

Taking It Further: Fill in the next three numbers in this sequence.

$\frac{1}{2}, \frac{4}{2}, \frac{16}{2}, \frac{64}{2}, \underline{\hspace{2cm}}, \underline{\hspace{2cm}}, \underline{\hspace{2cm}}$

OLD SANTA'S PACK

Both
sides

Old Santa's pack held 30 toys made by his elfin crew;
and though none made the same amount, each elf made more
than two.

The elf named Cher made one more toy than the elf who
dressed in reds;
but Cher made one more Christmas toy than the elf who made
the sleds.

Spry Johnny elf made racing cars; five toys were made by
Jane.

The elf who dressed in yellow suits made each and every
train.

The elf who always dressed in green made one-third as many
as Sue.

Cute Marcia elf was dressed in orange, and one elf dressed in
blue.

The elf who made the spinning tops made the most toys of
them all.

Another perky, smiling elf made each and every ball.

Old Santa's pack held thirty gifts all tagged for girls and
boys.

From the clues that you've been given, now guess who made
what toys!
